

Life Log — Terms & Conditions

Last updated: December 14, 2025

These Terms & Conditions ("Terms") govern your use of the **Life Log** mobile application (the "**App**"), published by **Andras Hudzovatij** ("we", "us", "our").

By downloading, accessing, or using the App, you agree to be bound by these Terms. If you do not agree, do not use the App.

1. What the App Does

Life Log helps you create personal journal entries by letting you:

- Select or capture a photo
- Add text comments
- Record audio notes
- (Optionally) send your inputs to a third-party Large Language Model (LLM) provider (e.g., Google Gemini or OpenAI)
- Save results into your own Notion database

No backend: Life Log does not run a developer-operated backend server. The App communicates **directly** from your device to third-party services you configure.

2. Google Sign-In

The App uses **Google Sign-In** to authenticate you.

- We do not store your Google password.
- Your Google account authentication is handled by Google.

3. Your API Keys and Configuration

To use certain features, you may need to provide:

- A Notion API token/key
- A Notion database/table identifier
- An LLM API key (Gemini and/or OpenAI)

You are responsible for:

- Keeping your keys secure
- Using keys that you are authorized to use
- Understanding what permissions your keys grant (especially for Notion)

We do not store or manage your API keys.

4. Third-Party Services

The App integrates with third-party services, which may include:

- Google Sign-In
- Notion API
- Google Gemini API
- OpenAI API

Your use of third-party services is governed by their own terms, policies, pricing, and availability.

We are not responsible for:

- Third-party outages or downtime
- Changes to third-party APIs, pricing, or rules
- Any data loss or corruption within third-party services

5. User Content

You may provide content such as photos, text, and audio recordings ("User Content").

You represent and warrant that:

- You own or have the necessary rights to use and submit your User Content
- Your User Content does not violate applicable laws or third-party rights

You retain ownership of your User Content. Life Log does not claim ownership over it.

6. AI-Generated Content Disclaimer

If you use an AI/LLM feature, the App may generate or transform content.

You acknowledge that AI output:

- May be incorrect, incomplete, or misleading
- Should not be relied on for medical, legal, financial, or other professional advice

You are responsible for reviewing and deciding what to store in Notion.

7. Acceptable Use

You agree not to use the App to:

- Break any law or regulation

- Infringe intellectual property rights
- Upload or process illegal content
- Misuse or abuse third-party services or API keys
- Attempt to disrupt, reverse-engineer, or compromise the App

8. Disclaimer of Warranties

The App is provided "**as is**" and "**as available**".

To the maximum extent permitted by law, we disclaim all warranties, express or implied, including implied warranties of merchantability, fitness for a particular purpose, and non-infringement.

9. Limitation of Liability

To the maximum extent permitted by law, we will not be liable for any indirect, incidental, special, consequential, or punitive damages, or any loss of data, profits, or goodwill.

This includes (without limitation) issues arising from:

- Your use of Notion or LLM providers
- AI-generated content
- API key exposure or misuse
- Device compromise, malware, or misconfiguration

10. Changes to These Terms

We may update these Terms from time to time. The "Last updated" date will reflect the latest revision.

If you continue to use the App after changes take effect, you agree to the updated Terms.

11. Governing Law

These Terms are governed by the laws of **Hungary**, without regard to conflict-of-law rules.

12. Contact

If you have questions about these Terms:
